Office Cleaning

We understand that a clean and organized workspace is essential for your business success. That's why we provide the highest cleaning services tailored to your needs. We start by assessing your office's unique requirements considering facts such as size, layout and the nature of your business.

Our experienced housekeepers then create a customized cleaning plan that covers every detail of your workspace. We cover every cleaning task from dusting and vacuuming to sanitizing high touch surfaces. We use state of the art equipment and ecofriendly cleaning products ensuring a thorough and safe process for you and your employees.

Choose 'Tripleglow housekeeping services' for a glamorous, clean, organized and inspiring work space. Allow us to handle your cleaning tasks while you prioritize what truly counts, the growth of your business.

Deep Cleaning

Our deep cleaning goes beyond regular cleaning routines, focusing on areas that often get overlooked during day-to-day tasks. We use a comprehensive guide with a professional deep cleaning checklist to ensure that no area is left untouched.

We do the scrubbing, disinfection, vacuuming of seats and carpets and tackling areas that accumulate dust, grease, and other buildup.

We then plan a convenient deep cleaning plan for you based on your preferences.

Sanitary bin services

Maintaining a clean and hygienic washroom is crucial for the overall well-being of individuals. That's why Tripleglow Housekeeping Services offers a wide range of innovative solutions to address all your sanitary waste management requirements.

Our bins are serviced at a frequency that is convenient for the client.

We follow a well laid down standard operating procedure for sanitary waste collection and disposal.

Post construction cleaning

Construction work is time consuming and usually very involving in terms of resources. This is why Tripleglow housekeeping services is relieving your stress by doing all the cleaning after your construction is complete.

We remove the stains of paints, dust, water spillages, and wooden pieces. We do high dusting and vacuuming of narrow/hidden spaces that hands can't reach.

We shine your window and mirrors leaving them glamorous. We clean all the sockets, light shades and other decorative wall hangings.

Healthcare facility cleaning

We do regular and deep cleaning of hospitals, dispensaries and other healthcare facilities following the healthcare cleaning standard operating procedures.

Our team is well trained on hospital cleaning operations and standards.

Our passion is to maintain a safe environment for staff, visitors and patients.

Airbnb cleaning

At Tripleglow housekeeping services we don't just clean your accommodation unit but we ensure that your guests have a lasting memory of the experience they get.

Our team is trained on the hotel housekeeping operations and management. We follow a clearly set standard operating procedure for guest room cleaning.

We maintain the highest level of hygiene to keep your guests coming over and over again.
